KEVLAR BULLETPROOF ACCESSORIES

With all of the madness lately in the USA we are working hard to identify the best protection. We will make sure the plates we choose have been thoroughly tested. This kevlar insert will fit in iBackPack perfectly. These inserts are made of 100% Kevlar and RF heat sealed and encapsulated in order to maintain ballistic integrity in wet and/or sandy enviroments.

The advertisement features a black background with three white iBackPack products. In the top left corner is the iBackPack logo. In the top right corner, a battery icon is enclosed in a box, with the text "Never run out of POWER again" below it. The products include a large rectangular backpack, a tall cylindrical power bank, and a smaller rectangular power bank, all featuring the iBackPack logo. The website address "www.ibackpack.co" is located in the bottom right corner.
